Re: **IMPORTANT ANNOUNCEMENT**, Sunset of ProForms® Compliant Document Solutions (Printed Documents)

Dear ProForms Client:

Harland Financial Solutions is an innovative organization founded on service and technology. Our company strives to provide the newest products and services that the market has to offer. Because of our commitment to innovation, we know that even the “best product on the market today” will at some point become dated and outmoded.

Today, the ProForms printed forms product is in the sunset phase of its lifecycle. The market is directing us to invest our resources elsewhere. Consequently, ProForms is being phased out and will no longer be supported.

The purpose of this letter is to advise you that we will sunset the pre-printed ProForms effective December 31, 2011. **This letter serves as notice to you that Harland Financial Solutions will retire, terminate and discontinue providing all support for the ProForms printed library of documents as of December 31, 2011.** As of that date:

- No new orders for printed forms will be accepted. All telephone and other support for pre-printed forms by Harland Financial Solutions will cease.
- No further updates, regulatory or functional, will be provided for printed ProForms.
- All warranties associated with the printed ProForms will cease.

American Eagle Graphics may be an alternative source of some printed and stock forms and supplies and may be contacted at 877-505-8278, or by e-mail at bankforms@eagle411.com.

It is an exciting time for us at Harland Financial Solutions. Our move to allocate resources formerly attributable to pre-printed forms is just the latest advancement in our rich history of client-focused growth, self improvement and technology strides. If you have any questions about this information or other Harland Financial Solutions products, please contact support by calling 800-274-7287.

Sincerely,

A handwritten signature in black ink, appearing to read "Mitchell Lucas", written over a light blue horizontal line.
